How to fold 'Colin's Choir' Christmas Card

① Fold the print in half

② Make creases by first folding over right corner to base, then folding inwards again, as shown below:

③ Open out and repeat on the left

④ Flatten paper out, pull up from the middle and press down points A and B to create triangular supports, making sure that the creases along the top edges are firm:

Ⓐ

Ⓑ

⑤ Push the side supporting triangles towards the back of the card, place card on a flat surface and display Colin's Choir in action!
